Parker's House is a new division of Second Chance Wildlife Rescue dedicated to the education, training, and rescue of deaf and blind dogs.

Parker is an 8-year old deaf/blind collie who was rescued by Second Chance in June 2010 from an animal hoarder. Now Parker is a therapy dog, participates in nosework, and educates the public about deaf/blind dogs and merle-to-merle breeding. <https://www.facebook.com/#!/pages/Parkers-Fan-Club/354321824588679>

Theresina is an almost 2-year old deaf/visually impaired Aussie owned by the Malfitano family of Watertown, CT. She has some behavior issues, which required an expensive Tufts behavior evaluation. Part of the money raised by this Parker's House fundraiser will be donated to the Malfitano family. <https://www.facebook.com/#!/SavingTheresina>
