

Sign-up Now for our Agility For Fun Workshop!

Dog agility is an addictively fun dog sport that involves teaching a dog to negotiate an obstacle course in the quickest time possible. Even for those who have no interest in ever entering a competition, Agility provides terrific physical exercise for dogs (and owners!), builds confidence (for both!), teaches wonderful life skills for your dog and helps form a wonderful bond between dog and handler.

The Agility Foundations class is designed to teach dog owners how to build a stronger bond with their dogs while learning how to teach skills necessary to build a strong foundation for agility, whether just for play or for future competition. Dogs will be acclimated to training apparatus such as the agility ladder as well as actual equipment such as jumps, tunnels and weave poles. Owners will learn how to train their dogs and the basics of dog agility handling so that ultimately they will be able to navigate their dogs through an agility course. Each week, dogs and handlers will learn a new skill while building on the lessons from the previous weeks.

Note: We would prefer if dogs entered in this class have at least a beginner obedience knowledge of “sit,” “down,” and “stay.” All dogs must be at least 11 months old.

Instructor: Linda Brower

Where: *Fido Fitness Club* located at 910 Railroad Avenue in Woodmere, NY
